I am very happy to know that most venerable Ontul Rinpoche found the Drikung Dzogchen Community and the teachings and practices of the 6 Different Papers of Yangzab (Drikung Dzogchen) throughout the world.

I am also happy to learn that most venerable Ontul Rinpoche has appointed David Arndt to take the main responsibility to translate these vast contents of Yangzab teachings step by step.

I congratulate that you found the Drikung Dzogchen Translation Project and I hope your committee under the direction of most venerable Ontul Rinpoche to develop smoothly.

I pray that these noble works benefit all beings.

With my prayers,

Drikung Kyabgon Chetsang
